Excision/Alteration: Yes.

Reason(s) for Excision:

One excision is required to remove degrading and dehumanising sexual material. The excision removes part of a scene where five men and a woman engage in vigorous sexual activity that includes simultaneous fellatio and intercourse and simultaneous vaginal and anal intercourse (double penetration). These activities are followed by five consecutive ejaculations on the woman's face and in her mouth. The spectacle of the five ejaculations, which eventually leave the woman's face covered with ejaculate, degrades and dehumanises the woman. The removal of the last three of the five ejaculations significantly reduces the degrading and dehumanising nature of the scene.
